Robbie reveals his trading secrets gathered from ten years of money making. From how to find good shares in the first place, ensuring you don't buy a complete stinker, to using spread betting to enhance gains and how to make big returns quickly from smaller companies. There's also his simple "traffic lights" system, which makes reading company reports a doddle, and real traders reveal their horror stories and winning tips!

This time, Robbie reveals his top 10 secret winning strategies – 10 sure-fire ways to ensure only the best shares get bought.

Plus, how to get the confidence to hold onto winning shares and get rid of losers, and how to buy and sell at the right time.

Packed with practical and easy to follow advice, everything is explained simply with none of the incomprehensible jargon found in so many other books. Whether you just want to make a few quid on the side while you're at work or you want to go on to make money from the markets full-time and quit work like Robbie, this book is all you need to get started – so grab some tea, toast and relax, and just maybe a richer future awaits!
