This is an amazing tale of a boy, born in a low income, debt-ridden farmer's family, rising phoenix-like to become an IAS collector on the basis of his sheer will power and relentless efforts. On the backdrop of hard socio-economic realities of today's rural India, his story tells us about how millions of uneducated, hard-working parents are trying to give better education to their children in the post-independent Rural India. The account is honest, fearless and positive; it touches the human heart and infuses new vigour into today's youth that aspires to reach their goals in life...
