Basic aim of this book is to help school students of secondary or higher secondary schools (Xth or XIIth). The idea is to create their interests in science and to present difficult scientific topics in interesting and easy to understand manner. Generally students find scientific topics so hard that they soon lose their interests and avoid the subject. The same kind of difficulties they face in various competitions and interviews. With the help of this book they can enhance their knowledge and confidence. Every topic has been dealt with in such a way that even a lay reader could understand the subject through many short questions-answers. If you want to increase your knowledge and understanding of Science, you must read this book. You can also check your general knowledge about all the scientific topics. Filled with fascinating scientific information and facts, this book is highly beneficial for both students and general readers. And more, the answers to all of your general trivia challenges are there.

Hundreds of questions on a variety of related topics, this book has quizzes on all the topics related to Science, that will both educate and entertain you. And lots of other knowledge and information -- things you knew, didn't know (and thought you knew but didn't!) You'll never have a dull moment with this extraordinary compendium of fascinating facts, interesting information, and tantalizing trivia.

If you're even remotely interested in quiz shows, this book will transport you to exhilarating heights. But you don't have to be a quiz buff to take pleasure from it. If you are one that marvels at the remarkable world around us, then you are sure to enjoy going through the pages of this mind-bending eye-opener. This exciting trivia book is packed with enough quizzes, lists, and definitions to please even the most ardent trivia buff. Plus, there are many brief descriptions and details to give insight into how things work or a phenomena is explained. The fascinating world of science is revealed in different light before you. Read and enjoy it.
