Inspired by their first book, Explore the Power of Astrology Dr. Ambika Prasad Parashar and his son Dr. Vinod Kumar Parashar once again offer a fresh and advanced perspective on the three important angles (houses) of the chart (kundali) traditionally known as TRIKONA, which are, the ascendant, the fifth and the ninth houses. These three houses deal with the most important areas of one's life, such as, the self, individual temperament, appearance and level of self-awareness; creativity, children and romance; religion and philosophy, extensive journeys including foreign travel, higher education, publishing and language, respectively. The book deals very extensively how these three houses influence one's life constantly and how the planets, when own these houses, influence individual's life. The authors have also analysed 36 case studies in relation to these three houses and have discussed elaborately how planets play their role in the growth of human beings.
